## SUMMARY

Self-motivated and enthusiastic Computer Science and Engineering student with a passion for technology and innovation. Skilled in web development, research, community engagement, and project collaboration. Alongside my academic and technical pursuits, I have successfully organized, coordinated, and hosted numerous tech, sports events and workshops that foster learning and community growth. Passionate about continuous learning and growth, with a proven track record of executing tasks with precision, dedication, and a positive mindset where shared ideas and teamwork lead to greater growth both personally and professionally.
